

Life In A Positive Light!

Partner of Buffalo AmeriCorps:

“The Buffalo Dream Center has had the honor of partnering with Buffalo AmeriCorps for approximately 3 years. Buffalo AmeriCorps has really been a benefit to The Buffalo Dream Center because we wouldn't be able to hire full time staff, financially we wouldn't be able to do it. AmeriCorps has benefited us by being able to take on some people that can work full time helping us serve the community; therefore, expanding our programs and even starting new programs that have recently been able to meet the needs of people in Buffalo.”

–Pastor Eric Johns
